PROFESSIONAL SUMMARY

Frontend and WordPress developer with 3+ years of freelance experience building responsive, performant, and user-friendly websites for international clients. Proficient in modern HTML5, CSS3, JavaScript (ES6+), and the full WordPress ecosystem including custom themes, plugins, WooCommerce, and Elementor. Comfortable working independently or in a team, delivering clean code from Figma designs to production. Currently expanding into full-stack development with Node.js and backend integration.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Sass/SCSS
WordPress	Custom themes & plugins, Elementor, Gutenberg, WooCommerce
Backend	Node.js (basic), REST APIs, basic server-side logic
Tools & Workflow	Git, GitHub, Figma (design-to-code), VS Code
Performance	SEO basics, page speed optimization, cross-browser testing
Other	Responsive design, mobile-first approach, accessibility basics

EXPERIENCE

Freelance Frontend & WordPress Developer

Self-employed — Remote | 2022 – Present

- Built 10+ responsive websites and landing pages for international clients across various industries
- Developed and customized WordPress themes and plugins from scratch to meet specific client needs
- Integrated Figma and Adobe XD designs into pixel-perfect, fully functional websites
- Set up and customized WooCommerce stores including payment gateways, product pages and checkout flows
- Performed on-page SEO optimization and Core Web Vitals improvements, achieving faster load times
- Managed client communication, project timelines and delivered results independently

IT Instructor

GoiTeens — Kyiv, Ukraine | October 2025 – January 2026

- Teaching frontend development fundamentals to students aged 12–18
- Creating structured lesson plans covering HTML, CSS and JavaScript basics
- Mentoring students through real projects, providing code reviews and feedback

Frontend & Backend Developer

KagorSchool — Kyiv, Ukraine | August 2025 – November 2025

- Developing and maintaining web applications as part of an educational tech platform
- Working across both frontend (UI components) and backend (Node.js, APIs) layers

EDUCATION

IT Academy — Web Development

IT Academy | Graduation in progress

Orthodox Theological Faculty

University of Prešov, Slovakia | September 2025 – Present
